

❖ Pedini Seattle – The Puget Sound Areas’ Premier Kitchen Design and Bathroom Remodeling Specialists

Pedini Seattle has offered cutting-edge kitchen remodeling designs to homeowners who are looking for progressive kitchen renovation ideas since 2006. Paul, the owner of Pedini Seattle, believes that your kitchen should be designed as a pleasant, harmonious, and luxurious area of your home. The modern kitchen is for more than cooking and baking. Your kitchen is the center of the home and a place where you, your family and friends spend the most time. The modern kitchen is a reflection of your personal expression and lifestyle. Customers choose and refer their family, friends, and neighbors to Pedini Seattle because Paul understands the importance of efficient and beautiful kitchen renovation ideas. Paul knows the right kitchen design can mean the difference between a dysfunctional home and a happy, peaceful home where you enjoy a quiet cup of coffee, enjoy meals with family, and entertain friends.

Paul uses his extensive education and work experience to develop the best kitchen remodel ideas, and knows just how to bring the elements together to create a kitchen design that is unique and customized just for you. We work with you to select countertops, kitchen cabinets, kitchen islands, plumbing fixtures, appliances, and flooring that enhance your space and fit your kitchen design perfectly.

Today’s kitchens also emphasize open space, comfort and adequate room for storage. Pedini Seattle recognizes that wide drawers and spacious cabinets that are functional and suitable for storing small appliances are an integral part of the modern kitchen. Paul incorporates the latest kitchen technology in his design, like modern kitchen cabinets, to give your kitchen a clean and uncluttered look. [Contact Pedini Seattle today!](#)

❖ Let’s Discuss Kitchen Design Trends

Design trends you may want to consider and discuss with Paul are:

- **Two-Toned Cabinetry** – Various colors and textures creates visual impact and brings more warmth and life to the space.
- **Mixed Metals** – Different finishes in your plumbing, hardware, and lighting.
- **Multi-Purpose Islands** – Island storage is the perfect place for keeping the family organized.
- **Concealed Hoods** – Creates a streamlined look.
- **Brick Accents** – Creates a rustic farmhouse appearance.
- **Banquet Seating** – A casual spot for breakfast, a working lunch, or large family dinner.
- **Patterned Flooring** – One way to incorporate drama, movement, and customization to create a truly unique space

- **Mixed Materials, Creative Cabinetry & Colorful Appliances** – Used on cabinets, hardware, appliances, and fixtures.
- **Concrete Elements** – Creates warmth and an appealing feel to the touch.
- **Maximize Light & Views** – Includes using outdoor light through windows and various indoor lighting fixtures and elements.

❖ Pedini & Doca Kitchen Collections

Pedini Seattle offers beautiful high-end Pedini Kitchen Collections and Doca Kitchen Solutions. Each Pedini and Doca kitchen is highly-personalized with unique characteristics that embrace the humanist quality of European kitchen design of living, eating, cooking, relaxing and entertaining. [Visit our showroom](#) or schedule to have Paul personally [visit your home](#). Our kitchen design team will help you select the right colors, textures, and finishes to complete your dream kitchen.

The [Pedini Kitchen Collections](#) offer eight different kitchen collections that are fully customizable. Here are examples of designs The Pedini Kitchen Collection offers:

- [Artika and Dune](#) emphasizes flowing lines and open space.
- The [Arke and Materika](#) Collection uses concrete as the inspiration for those who dare to go beyond the usual.
- The [Arts and Crafts](#) Collection is the perfect combination of rustic charm and urban chic. Kitchens are designed as separate functional work areas. These work areas are designed to create flow in the kitchen.
- New Kitchen Concept ([EKO](#)) uses complementary furnishing elements in the same space and/or incorporate elements that promote openness in your kitchen.
- As the name implies, The [Vintage](#) Collection emphasizes the use of classic traditional countertops, cabinets, tables, and chairs in your kitchen.

[Doca](#) offers both [contemporary](#) and [classic](#) kitchen design solutions. Doca's contemporary and classic kitchen solutions focus on design and quality. These handsome designs combine functionality and ergonomic efficiency. Materials are studied and tested so that your kitchen will look up-to-date and will stand the test of time. All stainless steel surfaces are polished by laser, resins are of the highest quality, and lacquers are polished to a glossy sheen. Every element is state-of-the-art in every sense of the word.

❖ Our Design Process

The design process starts with understanding your requirements, because no two families and no two kitchens are the same. Paul considers:

- Who uses the kitchen?

- How often do you cook or entertain?
- Do you plan to stay in your home long-term?

We spend time with you to become familiar with your space and what you want to achieve in your kitchen. [Schedule an appointment with Paul](#) to visit your home, or [visit our showroom](#).

Paul will present you with a selection of the finest products available, either [in your home](#) or in our extensive [kitchen design showroom](#) in Seattle. Pedini Seattle will create a detailed design and thorough plans at the end of the design process to account for every aspect of your kitchen remodel. Once you have the final design and you've placed your order through Paul, your cabinets will be custom-made in Italy, and shipped back and installed by our approved installation team.

Start your journey to a beautiful new kitchen! [Contact Pedini Seattle today!](#)
